Format1=paper

Searchtopic=Please do both a structure and text search on the anthraquinone dye in claim 1 of 10/619,643 (amendment filed 6/29/2005). Note that R is not aromatic. Also, in the second-to-last line of the claim, "allyl" should be replaced with "alkenyl". Note that the R2-R7 groups are quite limited. Thanks.
